

Training fixes learned maps and coefficients before validation and evaluation.

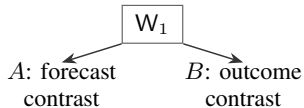

(a) Category certificate

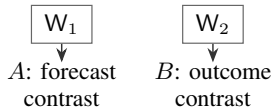

(b) Whole-trajectory design

W_i independent under one law given $\mathcal{H}$;
dependence within each trajectory is unrestricted.

Shared reference

Distinct references

Same focal W_0 and row sums c, d : same target $\theta_{\mathcal{H}}$.
Shared-source term $\langle \mathbf{CD}^T, \Lambda \rangle$; disjoint pools set $\mathbf{CD}^T = 0$.
